

Disciplinary Measures—Alleged Violation of Academic Misconduct

If an Academic Panel determines that a student is responsible for a violation of the third foundational element of the Honor Code (*Samford Students Shall Practice and Model Academic Integrity*), the Academic Panel may (i) recommend a grade “FX” for the course and/or (ii) impose other discipline.

A case involving allegations of academic misconduct shall not be deemed to be finally determined until the time for a grade adjustment by the instructor has expired.
